Advice to Women

A Message from a Famous Beauty Specialist, to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexions and to remove blackheads, crows' feet and other blemishes, through the use of cosmetics. This treatment fails because the trouble lies deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system which finds its expression in sallow, muddy complexion, dark-circled eyes, general weakness of the system, and perhaps most plainly in the weeping of mucous membranes that is commonly called catarrh. In fact this whole tendency is, properly speaking, catarrh. Banish this catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that which will cure catarrh.

Mme. Swift, New York, the famous beauty specialist known throughout the world and an accepted authority on all relating thereto, states that the one positive and permanent relief for catarrh is Rexall Mucu-Tone. Here is her letter: "I can strongly endorse the claims made for Rexall Mucu-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Rexall Mucu-Tone, they will praise as I do its strengthening and healing qualities. Rexall Mucu-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflammation of which causes local catarrh. This remedy causes poison to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleansed and made strong. We know that Rexall Mucu-Tone does relieve catarrh. We positively guarantee to refund the money paid for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexions. Price 50 cents and \$1.00 per bottle. Mail orders filled. It may be obtained only at our stores—the Rexall Stores, Smith Drug Co., 'The Busy Corner,' Smith Drug Co., No. 26 South Main street, and Druehl & Franken, 27 South Main.

Free Sample for Baby's Ills

Something can and must be done for the puffy, crying baby, for the child that refuses to eat, that is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This critereon of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and give to constipation and are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell's Syrup Pepsin is a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its value, you can get it of your druggist at fifty cents, or one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a post card, or otherwise. For further request the doctor's address is Dr. W. B. Caldwell, 618 Caldwell building, Monticello, Ill.

DIRECTORS TO ASSIST

Officers of Auxiliary for Reading Room for Blind Will Aid Coming Entertainment.

The ladies of the auxiliary for the Reading Room for the Blind met at the public library yesterday and perfected arrangements for the recital of Edward Abner Thompson, dramatic reader and singer, to be given at Barratt hall, Friday evening next. Mrs. W. S. McCormick presided at the meeting and all the directors were enthusiastic over the coming event. They promised their aid toward the success of the entertainment. Fred C. Graham will handle the business part of the affair for the ladies and will have charge of all tickets. The public is asked to assist in this worthy cause. Subscriptions may be sent to Mr. Graham's office or to Miss Minnette Eager, secretary of the association. Fifty cents will be charged for tickets, and all the funds of the city will be admitted free of charge.

Mr. Thompson, though blind, is rapidly coming to the front as one of the most charming artists of the country. His audiences are charmed and delighted by his masterful handling of his themes, and astounded at the marvelous instinct that guides him about the stage. He takes them through the whole gamut of the feelings, from the sublimity of a Shakespearean reading, through the pathos of a Dickensian death scene, to the rollicking and side-splitting comedy of a page from Holman Day, with never a suspicion that the glare of the footlights gives him only the faintest, most flickering knowledge of the limits of the platform.

On the afternoon of Friday Mr. Thompson will give a recital for the students of St. Mary's Academy at that institution. On Wednesday afternoon of this

COMPLAINTS ARE ISSUED

Two Charged With Contributing to Delinquency of Juveniles.

In a complaint sworn out in the county attorney's office yesterday, "John Doe" Jones is charged with contributing to the delinquency of Phillip Dicks, 17 years old, by allowing him to gamble in his place at 50 East First South street. The complaint is signed by Guardello Brown, chief probation officer of the juvenile court. It is claimed by the juvenile court officer that Jones conducts a gambling house at this place, and that Dicks and other boys have been permitted to play cards for money.

FAMILY SECRETS BARED

Two Judges in District Court Listened to Testimony in Divorce Cases Yesterday.

In two court rooms yesterday family skeletons were being pulled out of closets wherein family secrets are generally buried, and held up to the view of witnesses and a few spectators, attracted by the trials. While Judge C. W. Morse was listening to the second day's disclosures in the suit of Mrs. Lucy May Mitchell against John G. Mitchell, Judge George G. Armstrong was hearing testimony in the divorce action of Mrs. Emily O. Anderson against Andrew G. Anderson, which had been transferred from Judge Morse's court.

Mrs. Anderson charged her husband with cruelty and in his cross-complaint he charges his wife with unchastity. The fight of the Andersons, besides to become separated from each other, is over some real estate valued at about \$5,000. Mrs. Anderson said yesterday that her husband had often beaten her, which Anderson denies.

Anderson said his wife has been often drunk than sober during the last two years, and that three or four days was the longest he had seen her sober for two years. They are both well past middle life. They were married here on November 19, 1880, and have a daughter, 15 years old. Both cases will be continued today.

Judge Morse yesterday granted a new trial in the suit of Mary Marriott against Joseph Marriott, with the consent of the husband. The contested suit had been dismissed on February 1 by Judge Morse on the ground that neither wife nor husband had established a case. It is understood the two have agreed to get a divorce and that the husband will not fight the action.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,

SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and they have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures.

If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
